Michigan Department of State - Requesting Your Own Record

If you are requesting your own record information, please complete this form.

If you are requesting records about someone other than yourself, use form BDVR 154, Record Lookup Request.

Fill in as much information about your request as possible. Accurate and complete information will help us locate the record you are requesting. **Even if no record is found, you are still responsible to pay \$7.00 for each record requested.** Please include a daytime telephone number in case we have questions about your request.

Driving records produced for courts, law enforcement, or a driver's personal use show all actions, including accidents where the driver was not at fault. Records produced for insurance, employment, or credit inquiries are edited and do not include minor administrative entries or accidents for which the driver did not receive a ticket and a corresponding court conviction or civil infraction determination.
